

## Bloodborne Pathogen Cleanup Services

*The clean you expect. The service you deserve. ®*

### ABOUT:

ServiceMaster Professional Cleaning Services of Southeast Missouri and Southern Illinois are proud to be among the few professionally trained companies with technicians trained in blood-borne pathogen cleanup.

In accordance with OSHA and health regulations, we are trained to safely remove bio-hazardous substances and dispose of them properly. Federal regulations deem all bodily fluids as biohazards.

Technicians at ServiceMaster Professional Cleaning Services are highly trained in removing bloodborne pathogens. Never attempt to cleanup blood or biomass yourself.

### SERVICES

- Homicide Cleanup
- Decontamination
