

**REVIVE WOOD FLOORS. RESTORE THE GLOW.
PROFESSIONAL HARDWOOD FLOOR CLEANING.**

When time and use dull your wood floors, we help return the glow.

Beautiful hardwood floors can be one of the most impressive features of your home. However, everyday wear and tear that can occur from pets, spills, traffic, high heel shoes and furniture can gradually dull the appearance of your wood floors.

Why re-nish or replace your wood floors when we can revive them?

Restoring your floors may be a good option without breaking the bank on expensive sanding and re-nishing. Having your hardwood floors professionally cleaned is a less costly alternative. Our professionals at ServiceMaster Clean[®] know your hardwood floors can look new longer through our WoodGlo[®] Cleaning System which provides a protective finish against everyday damage that can occur. The key is to keep them in good shape before you have to go through the time, expense, and inconvenience of sanding and re-nishing.

Which WoodGlo Solution is Right for You?

Both WoodGlo options safely, yet aggressively, remove dirt, debris, grease, hair, soil, dust, built-up residue, and contaminants left behind from other cleaning products trapped in your floors. But the right solution for you depends on the level of protection you desire for your floors.

WoodGlo Level 1

- Brightens the appearance of your floors by adding a finishing coat using WoodGlo Renewer.
- Professional cleaning is recommended every 6 to 12 months to keep your wood floors looking their best, depending on traffic and severity of damage.

WoodGlo Level 2

- Restores a bright, glossy sheen to floors by adding a thicker finishing coat using StreetShoe.[®]
- Helps conceal cracks, scratches and pet stains in the floors.
- Produces enhanced protection from abuse and everyday wear and tear.
- Extends the life of the floors.
- Prolongs the need for professional cleaning up to 5x compared to Level 1, depending on traffic and severity of damage.

Benefits of our WoodGlo Cleaning System:

Unbeatable clean and shine	Fast dry times
Reduced wear on floor surfaces	Less yellowing
Dust-free burnishing	Low odor, customer friendly
Slip resistant	Simplified maintenance
More affordable than re-nishing	Light foot traffic in a few hours
